50/30/20 BUDGETING WORKSHEET

Track and visualize your income and spending for an average month to see how it compares to an ideal budget. If you don't normally keep track of your spending, using a budgeting tool like Mint.com for a month might be helpful.

transportation + childcare

Look at your spending for one month, and record your data on this page. Then continue to step 2 on the next page.

Monthly Income:		
NEEDS		WANTS
Housing:	_ \$	Other Spending:\$
monthly spending on rent or mortgage		everything else you spend money on like restaurants,
Utilities:	\$	bars, phone, cable, hobbies, personal care, shopping,
monthly spending on electricity + water	_ ~	travel and other household spending
+ gas + internet (excludes phone and cable)		
Groceries:	_ \$	SAVE
monthly spending on groceries		
Healthcare:	\$	Savings & Debt Repayment:\$
monthly spending on healthcare + health insurance	_ Ψ	what you have left over at the end of the month + money
	_	you put towards paying off credit card debt, student loans
Transportation:		and any other debt
monthly spending on car loan + car insurance + gas, - public transportation	Г	
Childcare:	_ \$	
monthly spending on childcare		
Total Needs:	_\$	
add housing + utilities + groceries + healthcare +		

2.

On this page fill out the lines starting from the bottom. Then continue to step 3.

After you've filled in the lines, color in the value of your needs, wants and savings starting from the bottom with needs.
They should equal your monthly income,

and fill in the bar.

Color	Key:
	Savings and debt repayment
	Wants
	Needs

Then compare to the 50/30/20 budgeting guideline. Ideally, this is what you should be spending each month on your needs, wants, and savings.
